Coding Decoding Quiz 77

Directions: Study the following information carefully and answer the questions given beside.

In a certain code language

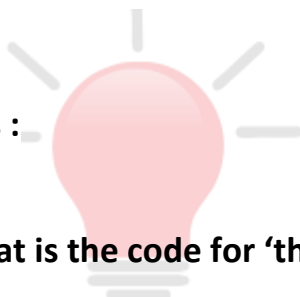

'life is not easy' is written as 'pq rt av ik'

'meet people in life' is written as 'av mo la ny '

'people want easy things' is written as 'tp ha ik mo'

'your want is unlimited' is written as 'pq ax vy ha'.

Questions :

Smartkeeda

The Question Bank

1. What is the code for 'things'?

- A. ha B. tp C. mo D. ik E. Can't be determined

2. What does code 'la' stands for?

- A. meet B. in C. Either A or B D. Can't be determined E. None of these

3. What does code 'ha' stands for?

- A. want B. life C. easy D. things E. Can't be determined

4. If the code for 'life and us' is 'xy av ba', then what is the code for 'in and meet' in the given code language?

- A. ba la ny B. av xy ny C. ny xy la D. Can't be determined E. Either A or C

5. What could be the code for 'People need easy things'?

- A. tp ik lo mo B. lo pq ax vy C. ny mo lo tp D. vy mo lo ik E. Can't be determined

Correct Answers:

1	2	3	4	5
B	C	A	E	A

Common explanation :

life is not easy \rightarrow pq rt av ik.....(i)

meet people in life \rightarrow av mo la ny.....(ii)

people want easy things \rightarrow tp ha ik mo.....(iii)

your want is unlimited \rightarrow pq ax vy ha.....(iv)

From equations (i) and (ii), we get:

life \rightarrow av.....(v)

From equations (i) and (iii), we get:

easy \rightarrow ik.....(vi)

From equations(ii) and (iii), we get:

people \rightarrow mo.....(vii)

From equations(i) and (iv), we get:

is \rightarrow pq.....(viii)

From equations (v),(vi) and (viii), we get:

not \rightarrow rt.....(ix)

From equations(iii) and (iv) , we get:

want \rightarrow ha.....(x)

From Equations(vi), (vii) and (x) we get:

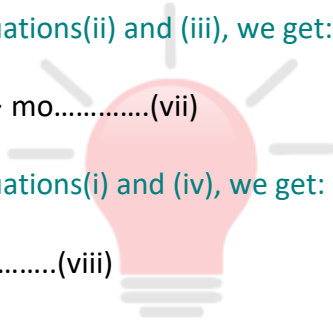

things \rightarrow tp.....(xi)

From equations(ii) , we get:

meet / in \rightarrow la/ ny.....(xii)

From equations(iv) , we get:

your / unlimited \rightarrow ax/ vy.....(xiii)

Answers :

1. On the basis of following Common explanation, we can infer that the code for 'things ' is **tp**.

Hence, **option 'B'** is the correct choice.

2. On the basis of following Common explanation, we can infer that the code 'la' stands for either **meet** or **in**.

Hence, **option 'C'** is the correct choice.

3. On the basis of following Common explanation, we can infer that the code 'ha' stands for **want**.

Hence, **option 'A'** is the correct choice.

4. On the basis of following common explanation we know that-

av → life (refer to equation (iv))

la/ ny → meet/ in (refer to equation (xii))

Now,

xy/ ba → and/ us.....(xiv)

The code given as option A 'ba la ny' or as option C 'ny xy la' is a possible set for the words 'in and meet'.

Hence , **option 'E'** is the right choice.

5. On the basis of following Common explanation, we can infer that the code '**tp ik lo mo**' is the code for " People need easy things".

From equation(vi), (vii) and (xi) we get the codes for 'easy', ;people' and 'things' respectively. So, the remaining code could be for 'need', which is '**lo**'.

Hence, **option 'A'** is the correct choice.
