Common explanations :

"hunger and poverty remain" is coded as "ner gup jil mub" ------------- (1)

"people count poverty records" is coded as " abc gup xyz def"----------- (2)

"count remain unchanged records" is coded as "buf ner def xyz" -------- (3)

"people and poverty rate" is coded as "abc mub for gup" ------------------ (4)

From statements (1) and (2) we get:

poverty – gup --------- (5)

From statements (1), (4) and (5) we get:

and – mub ----------- (6)

From statements (2), (4) and (5) we get:

people – abc ----------- (7)

From statements (4), (5), (6) and (7) we get:

rate – for ----------- (8)

From statements (1) and (3) we get:

remain – ner ------ (9)

From statements (1), (5), (6) and (9) we get:

hunger – jil ------- (10)

From statements (2), (5) and (7) we get:

count records – xyz def ---- (11) in no specific order

From (3), (9) and (11), we get:

unchanged – buf ---- (12)

Answers :

1. From the following explanation 'hunger' can be coded as jil.

Hence option B is correct.

2. From the following explanation 'poverty unchanged' can be coded as gup buf.

Hence option D is correct.

3. From the following explanation 'rate and records' can't be coded as we don't know a specific code for "records".

Hence option E is correct.

4. From the following explanation 'hunger rate' is coded as "jil for".

Hence option C is correct.

5. From the following explanation 'ner' is the code for "remian".

Hence option B is correct.
