Direction Sense Questions for SBI Clerk Pre, IBPS Clerk Pre, LIC Asst. Pre and EPFO SSA Pre Exams.

Direction Sense Quiz 21

Direction : Read the given information carefully and answer the questions given beside:

Six children are playing Hide & Seek in a park and were standing at different positions such that P is 9 m towards the north of T. Q is 4 m to the west of O, who is 12m to the east of T. U is 6 m to the south of Q. R is 3 m to the north of O. Then few of them moved and their new positions are denoted by adding (`) to their respective names. P moved 5m towards east. O moved 3 m towards the east. Q moved 5 m towards the north.

1. What is the shortest distance between T and U?

- A. 9m B. 11m C. 10m D. 15m E. None of these

2. Find the distance between Q and O`?

- A. 7m B. 5m C. 6m D. 9m E. None of these

3. Who among the following is in north-east of U?

- I. P
II. O
III. R

- A. Only I B. Only II and III C. Only I and II D. Only III E. All of the above

4. T is in which direction and how much far from O`?

- A. 12m, West B. 15m, East C. 10m, North-west D. 15m, West E. None of these

5. Find Q is in which direction from P?

- A. South B. South-east C. North-west D. South-west E. None of these

Correct Answers:

1	2	3	4	5
C	A	B	D	B

COMMON EXPLANATION:

Reference:

Six children are playing Hide & Seek in a park and were standing at different positions such that P is 9m towards the north of T. Q is 4m to the west of O, who is 12m to the east of T.

Inference:

On the basis of the given hints, following image can be prepared.

Reference:

U is 6m to the south of Q. R is 3m to the north of O.

Inference:

Following image can be prepared as per the given hints.

Reference:

Then few of them moved and their new positions are denoted by adding ` to their respective names. P moved 5m towards east. O moved 3m towards the east. Q moved 5m towards the north.

Inference:

The above hints can be used in the following manner.

Answers :

1. The shortest distance between T and U using Pythagoras theorem is 10m.

Hence option C is correct.

2. The distance between Q and O` is 7m.

Hence option A is correct.

3. Only O and R are towards the north-east of U.

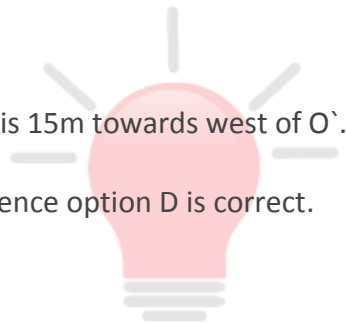

Hence option B is correct.

4. T is 15m towards west of O`.

Hence option D is correct.

5. Q is in south-east of P`.

Hence option B is correct.
